Institutional Distinctiveness (Metric: 7.3.1)

Ours is a college situated in a minority based area. Our college is established in the 2001. Within a very short span the college has become a key institution of this rural area. The role of the institution is very vibrant for spreading education in this locality. Previously it was very difficult for girl's students of this vast locality surrounding Bangalji Village to take the opportunity of higher education. Particularly in this minority-based area the girls students faced severe problems from their family because of their ignorance.

After the establishment of this college these girls students of this area have been benefited by getting the advantage of higher education. The Percentage of girl's students is remarkable in this college for this very reason. Many students of this institution are first generation learners. From the very beginning of establishment the college has served the purpose of bringing out the minority girls student in the light of education. This may be designated as the most distinctive feature of the college. The following report can help us to established fact:

Session: 2019-2020

Total admitted in this year: 2513 (Male: 1571, Female: 942)

Minority: 1729 (Male: 1150, Female: 579)

Percentage of the minority students: 68.8
